

# Quality when it counts most – Institutes of Excellence™ Transplant Hospitals

Sometimes the best life-saving option may be an organ or bone marrow/stem cell transplant. These operations require a special degree of skill and care. So it's important to look for hospitals known for quality of care. We've simplified the process.

As a member, you have a special network of hospitals that specialize in organ and bone marrow/stem cell transplants. We call these hospitals our Institutes of Excellence™ (IOE) Transplant Hospitals. They participate in the network only for the type of transplant listed in this directory.

## **Your plan provides outstanding support**

To support your transplant care, your plan provides nurses and coordinators to assist you under a program called the National Medical Excellence Program® (NME). This staff will work with you and your providers throughout your transplant care.

If your plan has more than one level of preferred benefits, it's especially important that you coordinate your care through our NME nurses and coordinators.

## **Your plan requires preauthorization**

To be considered in network for coverage for transplant-related services, you must utilize an IOE Transplant Hospital that has been specifically contracted by Aetna for your transplant type. Services include evaluation, transplant, and follow-up care. Services must be preauthorized with Aetna for coverage to be effective. Any hospital that is not specified as an IOE Transplant Hospital is considered nonparticipating or nonpreferred for transplant-related services. This is the case even if they are considered participating for other types of services.

## **IOE Transplant Hospitals – program criteria**

IOE Transplant Hospitals must meet our rigorous program requirements. To learn more about the IOE and view our IOE Transplant Hospitals program criteria, go to **aetna.com** and then:

- Hover over *Health Care Professionals*
- Click on *Patient Care Programs and Quality Assurance*
- On the bottom of the page, click on *Aetna specialty institutes*

# Calidad cuando es más necesario: Hospitales de trasplante de los Institutes of Excellence™

A veces, la mejor opción para salvar vidas puede ser un órgano o un trasplante de médula ósea/células madre. Estas operaciones requieren un grado especial de habilidad y cuidado. Por lo que es importante buscar hospitales conocidos por la calidad de la atención. Hemos simplificado el proceso.

Como miembro, usted cuenta con una red especial de hospitales que se especializan en trasplantes de órganos y médula ósea/células madre. Denominamos a estos hospitales nuestros Hospitales de trasplante de los Institutes of Excellence™ (IOE). Participan en la red solo para el tipo de trasplante enumerado en este directorio.

## **Su plan brinda apoyo excepcional**

Para apoyar su atención de trasplante, su plan brinda la ayuda de enfermeros y coordinadores para asistirlo en un programa llamado *National Medical Excellence Program*® (Programa nacional de excelencia médica o NME). Este personal trabajará con usted y con sus proveedores a lo largo de su cuidado de trasplante.

Si su plan cuenta con más de un nivel de beneficios preferidos, es especialmente importante que coordine su atención a través de nuestros enfermeros y coordinadores del programa NME.

## **Su plan requiere autorización previa**

Con el fin de ser considerado en la red para recibir la cobertura de los servicios relacionados con trasplantes, se debe utilizar un Hospital de trasplantes de los IOE que haya sido contratado específicamente por Aetna para su tipo de trasplante. Los servicios incluyen evaluación, trasplante y cuidado de seguimiento. Los servicios deben tener autorización previa de Aetna para que la cobertura sea vigente. Cualquier hospital que no esté especificado como Hospital de trasplantes de los IOE se considera no participante o no preferido para recibir los servicios relacionados con trasplantes. Este es el caso incluso si se consideran participantes para otros tipos de servicios.

## **Hospitales de trasplante de los IOE: criterio del programa**

Los Hospitales de trasplante de los IOE deben cumplir con nuestros rigurosos requisitos del programa. Para informarse más sobre los IOE y ver nuestros criterios del programa de Hospitales de trasplante de los IOE, inicie sesión en **aetna.com** y luego:

- Pase el mouse sobre *Health Care Professionals* (profesionales de atención médica)
- Haga clic en *Patient Care Programs and Quality Assurance* (programas de atención al paciente y garantía de calidad)
- En la parte inferior de la página, haga clic en los *institutos de especialidad de Aetna*
