

## OVERVIEW

Each health benefit EPBP or PPBP must include a delivery network that is adequate and complies with Insurance Code §1301. All covered services that are offered by an EPBP or PPBP must be sufficient in number and location to be readily available and accessible within the service area to all enrollees.

When contracted providers are not available within the TDI mileage access and/or availability standards outlined in Title 28 Texas Administrative Code Section 3.3704, **(TX) Aetna Whole**

**Health - Rio Grande Valley - Open Access Elect Choice/Open Access Aetna Select**

provides for in-network benefit coverage and has procedures that the EPBP/PPBP will use to assist enrollees in obtaining medically necessary services when no network physician or provider is available, including procedures to coordinate care.

See detailed worksheets for access information by county and by specialty.

County (whole or part)	Provider type	Reason Network Providers Not Available	Access Plan
Cameron	Acute Care Hospitals	Are not available to contract This is a narrow network in which certain hospitals, facilities and providers are included. Therefore, other participating hospitals, facilities and providers in the Aetna broad network do not meet criteria for being a participating provider for this specific network in the County listed.	Services rendered by non-participating providers, within TDI mileage requirements, will be covered at the in-network benefit level as specified in the Texas Administrative Code. In accordance with 28 TAC 3.3704 (7), the Company requests a waiver in the counties listed for the rights of an insured to exercise full freedom of choice.
Cameron	Rehabilitation Facilities	Are not available to contract This is a narrow network in which certain hospitals, facilities and providers are included. Therefore, other participating hospitals, facilities and providers in the Aetna broad network do not meet criteria for being a participating provider for this specific network in the County listed.
